Join Webex Meeting Help

Join the AWPF Commission Business Meeting November 17, 2026

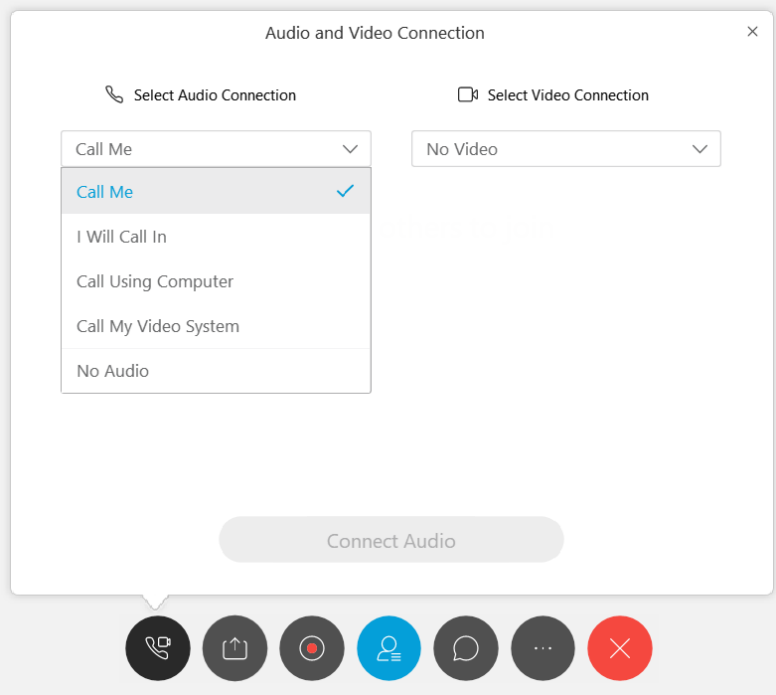

Cisco Webex Meeting Information

Link: https://bit.ly/AWPFNov17 Meeting number (access code): 2539 125 1189 Meeting password: GypryYxx953

- The meeting link above should automatically connect you to the meeting without the use of a meeting number or password. *NOTE - If you receive a message stating "This site is trying to open Webex", or asking to Download the Webex app, click "Cancel" and choose the "**Join from this browser**" option.*

Can't join the meeting? Contact support here: sscantlebury@azwater.gov

After you have joined the meeting the "Select Audio Connection" drop-down menu will then give you the option of using your phone or your computer for audio, as shown below.

- If you would like to use your computer to view the presented meeting materials and your telephone for the audio, use the "CALL ME" option for connecting your audio.

- If your computer has a microphone and speakers you may use these by selecting the "CALL USING COMPUTER" option. If you use this method, please do not call directly into the meeting using a telephone as this causes excessive noise and echoes because there are now 2 audio systems running through your computer.

Use this if you are *only* joining by phone and not viewing the webinar:
